

Imes Ltd is an international engineering company providing engineering services and systems which enable our customers to maintain the capability and availability of cranes, lifting equipment and specialised structures. Key industries in which Imes operate include oil & gas, renewables, marine and defence.

Project Engineers

We currently have a requirement for a Project Engineer to undertake a support engineering role in the delivery of existing services & products and the development of new solutions.

Key Tasks:

- Set clear objectives for project implementation, monitor progress and take corrective action if required
- Assist with the development of the technical scope of work
- Develop cost, time and resource schedules
- Prepare calculations and work procedures in support of projects
- Ensure completion of purchasing documentation and monitor procurement to ensure delivery of equipment and services within time and cost budgets
- Arrange equipment dispatch and transportation
- Produce monthly project reports
- Maintain awareness of quality standards and codes
- Assist with the pre-contract award clarification and technical evaluations/recommendation
- Represent the company at client sites
- Interface directly with client whilst on site
- Adherence of QHSE issues
- Participate in commercial activities within Engineering Services

Experience:

Would suit candidate educated to degree level in relevant engineering discipline, combined with strong commercial awareness. The ideal candidate will have previous experience in a similar role within the Oil & Gas, Marine or Defence sectors. Ability to demonstrate extensive involvement in multiple projects and application of engineering expertise. Excellent oral/written communication skills and report writing.

To apply, please send your CV to: careers@imes-group.com. Whilst every effort is made to provide feedback on applications, if you have not received a response by Friday 7th November 2008, unfortunately your application will not be taken forward. We thank you in advance for your interest in Imes Ltd.
